

Kahoot.it - A free game to Teach Work Professionalism Skills

This fun game teaches preferred Professionalism in the Workplace Skills as shared by hiring managers in business. Students can play alone or compete against each other using one cell phone or multiple cell phones.

Directions -

First - students must download **Google Chrome** to their cell phone if they don't already have it. This is a free app.

On your computer, which should be attached to an LCD projector, click on

<https://play.kahoot.it/#/k/b89e0fe9-f812-4e02-b56b-cf21a5014010>.

Click **Start Now** on your computer.

Click on either **Player Vs. Player** on one device or **Team vs. Team** on multiple devices.

Now, each player should click on **Google Chrome** on one or more cell phones.

Type in **kahoot.it**.

Enter the **PIN** from your computer into the Game PIN on your cell phone.

Click **enter** on your cell phone.

Enter your name or nickname, click **go**.

Once everyone's name is showing, the computer operator will click **Start** on the computer.

After everyone answers the first question, it will show if your answer is correct or incorrect and give the correct answer.

Then the computer operator will click **next** to move to the next question.

Players read the question on the computer, but answer on their cell phone.

If you have time, you might discuss the reason for the correct answers before moving on to the next question.

This will help students learn professional behavior to help them get and stay hired.
