

TIME TO  
THINK  
HIGH SCHOOL

## **CAREER ACADEMIES** of St Johns

Experience. The Difference.

## What is an Academy?

- A small learning community within the school
- Focused and rigorous courses in a specific area
- Real-world experience to prepare you for the jobs of tomorrow
- Hands-on projects (Project-based learning)
- Make you more competitive for college and careers
- Help you in choosing your college major or career field early

# Academy of Innovation in the Built Environment

# Academy of Innovation in the Built Environment

This academy is focused on developing a deep understanding of construction management and innovations in construction design. Engineering, design, and project management are integral components of the courses. Construction projects allow students to experiment with materials and learn safety procedures that are integral industry concepts.

- Industry Certifications
  - OSHA-10
  - AutoCAD
  - Revit
  - LEED Green

ACADEMY OF  
**Innovation in the  
Built Environment**  
TOCOI CREEK HIGH SCHOOL

NOTE: If students attend a school other than their zoned school, they must provide their own transportation.

## Frequently Asked Questions

Q: If I am only interested in one program, do I have to pick three choices?

- No! Only apply for programs which you are interested in.

Q: What should I do if I am interested in programs at multiple schools?

- Put your first choice first. You can only get into one school so prioritize your choices. Remember if you get into an academy at your non-zoned school, then transportation is your responsibility.

Q: Can I do two academies at the same school?

- Yes, it is possible to be accepted into multiple academies at one school. Prioritize your requests even when choosing multiple academies within one school.
