Dear Students and Parents:

Welcome to the 19th annual St. Johns County High School Showcase. We are very pleased to provide this opportunity for middle school students and their parents to learn about and experience all the career academies and programs of choice available to our high school students.

We encourage you to explore all the opportunities available to you as you begin your high school career. Our academies are focused and provide a rigorous program of study which is proven to have a very positive impact on the individual educational path of each student.

I am very grateful for the partnerships we have established with our business community, and I want to thank our business partners and each of the high schools for making these opportunities available to our students.

Wishing you all the best for a happy and successful high school career in St. Johns County.

Sincerely,

Dr. Brennan W. Asplen, III
Superintendent of Schools

*The St. Johns County School District will inspire good character and a passion for lifelong learning
in all students, creating educated and caring contributors to the world.*

***Congratulations to the 2024-2025

Jade Yuen

Thank you to the nearly 150 middle, high and post-secondary CTE Teachers, Career Specialists and Staff for their dedication to improving the lives and futures of our students. Their hard work ensures our programs are world class and our students are prepared for college and career success!

Application Timeline

Additional Information and the Program of Interest online application may be found by visiting the CTE website: <https://cte.stjohnsk12.fl.us>.

ALL applications must be entered by 5:00 p.m. January 26, 2026.

The School Board of St. Johns County, Florida prohibits all forms of unlawful discrimination against students, employees and other persons in all aspects of the District's programs, activities and operations. The term "unlawful discrimination" encompasses any unlawful policy, practice, conduct, or other unlawful denial of rights, benefits, or privileges that is based on any legally protected status or classification under applicable federal, state, or local law including, but not limited to, race (including anti-Semitism), color, religion, sex, age, marital status, disability, political or religious beliefs, national or ethnic origin, or genetic information. Limited English skills will not be a barrier to admission and participation in vocational education programs.

Program of Interest Application in Home Access Center

Career Academy, JROTC, SJCCA, and Academic Program applications will be submitted through the student's **Home Access Center** (HAC). **You will only be notified of your application status by email**, so please be sure to confirm that your guardian/parent email addresses are correct.

Step 1: Verify Your Guardian/Parent Contact Information

- Log into Home Access Center (HAC) with your **student login ID** and **password**. Please use the same login ID and password (otherwise known as your Active Directory credentials) as when you sign in to the school network. Your login ID will start with an S, followed by your student number.
 - If you do not have your username and password, please see your teacher or the front office.
- Select the **Registration** Icon.
- In the **Contacts** section, check that your **Guardian/Parent** email address is correct.
 - Just below your student contact information is the **Guardian/Parent** mailing addresses and email addresses. If either of these are incorrect, please ask your guardian/parent to contact the front office at your current school.

Step 2: Apply for a Career Academy, JROTC, SJCCA, and/or Academic Programs

- In Home Access Center, select the **Classes** Icon.
 - Select the **Requests** Tab.
 - Click the **Edit** button to the right of **Academy/Program of Interest Application**.
- When you select the **Edit** button, you will be presented with a list of options.
- Each option is shown with a 1st Choice, 2nd Choice, or 3rd Choice in the description.
 - Check an option with a '1st' to indicate your first choice – the academy or program that you **most** want to be in.
 - Check an option with a '2nd' if you have a second choice.
 - Check an option with a '3rd' if you have a third choice.

Example:

<input type="checkbox"/>	CHS Environ Science-1stChoice	CHSEUSES1
<input type="checkbox"/>	CHS Environ Science-2ndChoice	CHSEUSES2
<input type="checkbox"/>	CHS Environ Science-3rdChoice	CHSEUSES3

- You may request to be considered for programs located in different schools. However, you will only be selected for placement in a single school, in order of your choices. As a reminder, *transportation* is only provided to your **zoned** school.
- Click the **Save** button to save your preferences. Your selections will be shown on the Requests tab.

Program of Interest Application in Home Access Center

Additional Information

- 1) Students, parents, or guardians who do not have email or access to the internet may request assistance from the Career and Technical Education Department at 904-547-6000.
- 2) To be considered for the St. Johns County Center for the Arts at St. Augustine High School or the Murray Middle School Center for the Arts:
 - a. You MUST apply by the same program deadline as for all Programs of Interest.
 - b. Students must attend an audition at the school. Audition information can be found at <https://cte.stjohns.k12.fl.us/join> by scrolling down and clicking on either the **St. Johns County Center for the Arts at St. Augustine High School Audition Information** or the **R.J. Murray Middle School Center for the Arts Audition Information**.
 - c. Students who pass their auditions will be accepted into the appropriate arts program.
- 3) Students applying for advanced academic programs (AICE, IB) need to apply on-line and submit teacher recommendations to the appropriate School Coordinator by the application due date. Please see <https://cte.stjohns.k12.fl.us/registration/> for more detail.
- 4) Below are some examples of invalid Academy or Academic Program selections that will **invalidate** your application. You will be emailed to correct any errors before your application will be processed. **All errors must be corrected before the application deadline.**

Available Arts Programs

<i>Offered at Murray MS</i>	<i>Offered at St Augustine HS</i>
Band	Band
Chorus	3D
Dance	Chorus
Drama	Dance
Graphic Design	Digital Art
Visual Arts	Drama
	Drawing/Painting
	Guitar
	Musical Theatre
	Piano

Examples of Incorrect Selections:

Pick only one 1st (or 2nd or 3rd) choice program

BTHS Acad Inform Tech-1stChoice (BTHSNTC1)
BTHS Airforce JROTC-1stChoice (BTHSROTC1)

Don't pick more than 3 programs!

BTHS Acad Inform Tech-1stChoice (BTHSNTC1)
BTHS Airforce JROTC-1stChoice (BTHSROTC1)
NHS International Bacc-2ndChoice (NHSIB2)
SAHS AICE Program-1stChoice (SAHSAICE1)
SAHS Aerospace Academy-3rdChoice (SAHSAERO3)

Don't forget your #1 choice

BTHS Design Acad AD-3rdChoice (BTHSDDAD3)
BTHS Airforce JROTC-2ndChoice (BTHSROTC2)

Don't pick the same program more than once!

BTHS Airforce JROTC-1stChoice (BTHSROTC1)
BTHS Airforce JROTC-2ndChoice (BTHSROTC2)
BTHS Airforce JROTC-3rd (BTHSROTC3)

ACCELERATED AND JROTC PROGRAMS

INTERNATIONAL BACCALAUREATE PROGRAMME (IB)

The IB Programme (code: **NHSIB**) encompasses a high quality international curriculum with emphasis on critical-thinking skills and an appreciation for international cultures in a globalized world. The International Baccalaureate (IB) Diploma Programme gives students the opportunity to experience a challenging pre-university course of study culminating in rigorous internationally standardized assessments to earn an additional diploma. The IB Programme encourages students to become active, compassionate and lifelong learners. For additional information visit the program website at www.nhs.stjohns.k12.fl.us/academics-IB or contact Amy Case at Amy.Case@stjohns.k12.fl.us.

10 • <https://cte.stjohns.k12.fl.us/>

NAVY JUNIOR RESERVE TRAINING CORPS (NJROTC)

With a growing enrollment of more than 200 cadets and enough trophies to fill a gymnasium, something positive must be going on within Nease's NJROTC (code: **NHSNJRTC**) program. The program instills good character, develops leadership and promotes service above self in all that we do. Embracing the Navy values of Honor, Courage and Commitment, we challenge our cadets mentally & physically in the classroom, on the athletic fields and at competitions across the region where our teams demonstrate "there is no I in team." For additional information visit the program website at <https://sites.google.com/a/navyjrotc.us/nease-panther-njrotc/>.

CAREER ACADEMIES

The Stellar Academy of Engineering (code: **NHSSAE**) is a STEM academy that offers students a broad base of knowledge, skills, and experience related to the engineering industry. Nease partners with Stellar, a fully-integrated firm focused on design, engineering and construction services worldwide. Students in this academy are introduced to the wide spectrum of engineering disciplines through classroom instruction, hands-on projects, guest speakers and field trip opportunities. Skills learned are in high demand and can be applied to a variety of careers including engineering, construction and architecture. Students can earn industry certifications in AutoCAD, Revit, Fusion 360 and Inventor.

Industry Certifications available through the Stellar Academy of Engineering

- PMI Project Management Ready
- Autodesk Certified User - AutoCAD
- Autodesk Certified User - Revit Architecture
- Autodesk Certified User - Inventor
- Autodesk Certified User - Fusion 360
- Entrepreneurship & Small Business - Intuit

Students involved in the Communications Academy at Nease pursue one of two career-themed paths: TV Production and/or Digital Design. Students gain valuable, real-world skills through hands-on and work-based experiences. TV Production (code: **NHSCMTV**) students showcase their talents via daily newscasts and sports highlight reels. Digital Design (code: **NHSCMDD**) students design a variety of digital graphics products using Adobe Photoshop, Illustrator and InDesign. Students pursue industry certifications in the Adobe Creative Suite and Entrepreneurship.

Industry Certifications available through the Communications Academy

- Adobe Certified Professional in Video Design
- Adobe Certified Professional in Visual Design
- Entrepreneurship & Small Business - Intuit
- Certified Internet Web (CIW) Multimedia Specialist

Hospitality (code: **NHSAHPT**) is both a local and global industry where tourists spend millions of dollars each year. Nease's Academy of Hospitality and Tourism has partnered with the St. Johns Visitor & Convention Bureau, national chain hotels, and local businesses to give students the professional skills and real-world experiences they will need to find success in the Hospitality and Tourism industry. Through projects, guest speakers and field trips, the students learn management skills for the hospitality, travel, and tourism industries. They will learn customer service basics, social media business strategies, marketing skills, computer operations, and the many facets of meeting client needs.

Industry Certifications available through the Academy of Hospitality & Tourism

- Entrepreneurship & Small Business - Intuit
- Certified Food Protection Manager - ServSafe
- Certified Internet Web (CIW) Social Media Strategist
- PMI Project Management Ready

JROTC PROGRAM

AIR FORCE JUNIOR RESERVE OFFICERS TRAINING CORPS (AFJROTC)

The objectives of AFJROTC (code: **BTHSROTC**) are to educate and train high school cadets in citizenship, promote community service, instill responsibility, good character and self-discipline; and provide instruction in air and space fundamentals. The AFJROTC program is grounded in the Air Force core values of integrity first, service before self, and excellence in all we do. The curriculum emphasizes the Air Force heritage and traditions, the development of flight, applied flight sciences, military aerospace policies, and space exploration. For additional information contact: Lt. Col. Antone LeFevre 904-547-8259, or email: Antone.LeFevre@stjohns.k12.fl.us or contact: MSgt. CAREER ACADEMIES

Students participate in a rigorous and relevant STEM program of study which focuses on one of three concentrations: Interior Design (code: **BTHSDDID**), Fashion Design (code: **BTHSDDFD**), or Architectural Design (code: **BTHSDDAD**). Students will explore their creative talents and learn practical skills. This academy is math-intensive and challenges students to use their math skills in new and exciting ways.

Industry Certifications available through the Design Academy

- Autodesk Certified User - AutoCAD
- Autodesk Certified User - Revit Architecture
- Entrepreneurship & Small Business - Intuit

The students of the Information Technology Academy (code: **BTHSINTC**) participate in a coherent and rigorous content aligned with challenging academic standards. The students are provided with relevant technical knowledge and skills. This prepares students for further education and careers in all aspects of the Information Technology industry. The content includes, but is not limited to, computer application skills, computer hardware, software applications, web applications, programming, systems support and network concepts.

The academy is sponsored by Citi.

Industry Certifications available through the Information Technology Academy

- Information Technology Specialist (ITS) Databases
- Information Technology Specialist (ITS) HTML & CSS
- Information Technology Specialist (ITS) JavaScript
- Information Technology Specialist (ITS) Python
- Information Technology Specialist (ITS) Device Configuration & Management
- Information Technology Specialist (ITS) Cloud Computing

The VyStar Academy of Business is an academic and internship program for high school students exploring career opportunities within Financial Services (code: **BTHSVBFF**) and Entrepreneurship (code: **BTHSVBFE**). Students participate in a rigorous program of study that includes dual enrollment opportunities through St. Johns River State College, Advanced Placement (AP) Courses and Honors courses at the school. Students in the academy can participate in DECA, a National Student Association.

Industry Certifications available through the VyStar Academy of Business

- Entrepreneurship & Small Business - Intuit
- QuickBooks Certified User
- PMI Project Management Ready

ACCELERATED PROGRAM

CAMBRIDGE (AICE) PROGRAM

The Cambridge Advanced International Certificate of Education (AICE) Program (Code: **BHSAICE**) offers a rigorous international curriculum and examination system which emphasizes the value of broad and balanced study for academically advanced students. Students earn college credit for passing scores on each AICE exam. The AICE Diploma Award is a group certificate which requires students to pass seven AICE exams, with one from each of four curriculum areas: Mathematics and Sciences, Languages, Arts and Humanities, and Global Perspectives. The Bright Futures GPA and SAT/ACT score requirements are waived for students who earn the AICE Diploma Award and have documented a minimum of 100 community service hours. These students automatically qualify for the Florida Bright Futures Academic Scholar Award. For more information, contact Jonathan Higgins, 904-547-4433, or email: bhsaice@stjohns.k12.fl.us.

CAREER ACADEMIES

ACADEMY OF
Academy of Global Logistics
and Supply Chain Management
BEACHSIDE HIGH SCHOOL

Global Logistics and Supply Chain Management (code: **BHSGLSM**) teaches students the essential skills for coordinating the movement of goods and services. The GLSCM pathway allows students to explore the complexities of business logistics, from acquiring raw materials across borders and receiving them at various ports to transporting, warehousing, and managing inventory (including the just-in-time model). Students who complete this program master the technical content needed for a wide array of post-high school opportunities in the field. With a focus on warehouse automation, students gain hands-on experience and master warehouse management in a fully automated simulation lab. Students use transportation simulators to gain hands-on familiarity with the control mechanisms for truck, forklift, and reach equipment.

"MOVING STUDENTS TO MOVE
OUR WORLD"

Industry Certification available in the Academy of Global Logistics & Supply Chain Management

- **Entrepreneurship & Small Business - Intuit**

ACADEMY OF
Veterinary and
Biomedical Sciences
BEACHSIDE HIGH SCHOOL

Veterinary Science Strand

The Veterinary Science strand (code: **BHSVET**) is a four-year program designed to prepare high school students for a career in Veterinary Science. The Veterinary Assistant pathway offers both an academic and hands-on learning experience with students working with animals right in the classroom. Upon completion of the program, students have the opportunity to earn an industry certification as a Certified Veterinary Assistant. This encompasses in-field work experience of 250 hours, with an additional 250 clinical classroom hours obtained during the program. In their last two years of high school, students work in both the classroom and clinical settings.

Biomedical Science Strand

The Biomedical Science Program (code: **BHSBIO**) is a sequence of courses, which allows students to explore the concepts of human medicine, physiology, genetics, microbiology, and public health. Students examine the structures and interactions of human body systems and explore the prevention, diagnosis, and treatment of disease, while working collaboratively to understand and design solutions to the health challenges of the 21st century.

Industry Certifications available in the Academy of Veterinary & Biomedical Sciences

- **Fundamentals of Animal Science**
- **Certified Veterinary Assistant (CVA)**
- **Biotechnician Assistant**

ACADEMY OF
Information Technology
BEACHSIDE HIGH SCHOOL

The Academy of Information Technology (code: **BHSINTCH**) focuses on software development. Curriculum includes foundations of procedural and object-oriented programming. The Academy is ideal for students interested in learning more about a career in software development, programming applications, entrepreneurship and/or software engineering. This program offers students a multi-lingual approach to coding. This avenue allows students to understand the specific features and uses of each code to create, explore, and improve the world around them.

Industry Certifications available in the Academy of Information Technology

- **Information Technology Specialist (ITS) Python**
- **Information Technology Specialist (ITS) Java**
- **Information Technology Specialist (ITS) Computational Thinking**

Working hands-on with our local schools, the St. Johns County Academy of Future Teachers (code: **CHSFTCHR**) explores the career of education using service learning, cutting-edge technology, and full-year internships. Fostering the next generation of educators, the program focuses on developing student leaders who will be the next caring contributors to the children of the future. Placing academic success at the forefront of the program, qualifying students have the opportunity to earn dual enrollment credit from First Coast Technical College, St. Johns River State College and/or the University of North Florida. Graduates of the program can also qualify to sign the Memorandum of Understanding with the St. Johns County School Board. This agreement provides incentive for graduates of the academy who return and are successfully hired to teach for St. Johns County School District.

CAREER ACADEMIES

Digital Media (code:CHSCMDM) offers foundational skills to prepare students for careers in new media, multimedia, marketing, public relations, advertising, and digital media using Adobe Creative Cloud products. Students have the opportunity to gain Industry Certifications in top design applications like Photoshop, Illustrator, InDesign, Premiere Pro, and After Effects.

TV Production (code: CHSCMDVT) students will not only learn Adobe technology applications necessary for the TV Production industry, but also the technical skills, such as scriptwriting, lighting, filming, directing, and field production. Students have the opportunity to obtain the Adobe Professional Video Design certification and digital badge, which includes the Digital Video Professional certification using Adobe Premiere Pro and the Visual Effects and Motion Graphics Professional certification using Adobe After Effects. Creekside's TV Production students showcase their talents with the daily production of the school news broadcast, KNN, along with various special projects for the school and community.

Cybersecurity, (code:CHSETNTC) a growing critical field, is an academy track that immerses students in hands-on learning experiences in operating systems, network security, attack mechanisms, security vulnerabilities, cryptographic systems and security technology. Students have the opportunity to obtain certifications in ITS Networking, ITS Network Security, and EC-Council Certified Ethical Hacker, CompTIA Security+, and CompTIA Tech+.

Financial Technology, (FinTech) (code:CHSETFTC) a revolutionary and rapidly changing financial services field, provides students with an understanding of how technology works, an introduction to applications in financial services, and an added entrepreneurship component through hands-on problem-solving experiences that can be useful in FinTech applications and innovation. Students have the opportunity to obtain certifications in Information Technology Specialist (ITS) Data Analytics, Intuit QuickBooks Certified User, Intuit Certified Bookkeeping Professional, Entrepreneurship & Small Business, and PMI Project Management Ready.

This academy is sponsored by Citi.

Applied Engineering (code: CHSEUSCE) students dive into a rich curriculum that exposes them to several branches of the field including Civil, Mechanical and Environmental engineering, as well as manufacturing and robotics. Students have the opportunity to earn top recognized certifications like Occupational Safety and Health Administration (OSHA) and Manufacturing Skill Standards Council (MSSC), AutoCad, Revit, Inventor, Solidworks, Entrepreneurship and Small Business, and Project Management Ready.

Using cutting edge Geographic Information Systems (GIS), as well as green building technologies, the **Environmental Science** (code: CHSEUSES) track focuses on the various interactions between ecosystems, wetlands, forests, wildlife, natural resources, and humans, and how all of this impacts the environment. In addition to also earning an OSHA certification, students can earn Industry Certifications for Ecology Conservation and Management.

ACCELERATED PROGRAMS

INTERNATIONAL BACCALAUREATE PROGRAMME (IB)

The International Baccalaureate Programme (code: **PMHSIB**) at Pedro Menendez High School provides certificate and career program options. Strong college preparatory curriculum helps inquisitive, highly-motivated students to broaden their understanding of global issues. This integrated approach to learning allows students to conduct original research, develop critical thinking skills and to participate in international assessments which may help students earn up to 45 college credit hours. For additional information contact: Stephanie Toffaletti 904-547-8665 email: Stephanie.Toffaletti@stjohns.k12.fl.us

EARLY COLLEGE PROGRAM

The SJR State's Early College Program (code: **PMHSCOLL**) is a Dual Enrollment Program that creates an opportunity for a cohort of eligible students to enroll in college courses and earn their Associate in Arts degree, all while still enrolled in high school. Students in grades 9-11 will take a defined list of college courses at their high school in combination with high school classes. 12th grade students will enroll full time on SJR State's St. Augustine campus or online. Early College Programs in St. Johns County School District are located at Pedro Menendez and Toco Creek High Schools. For additional information contact: Meredith Masiak at 904-547-8699 or email: Meredith.Masiak@stjohns.k12.fl.us.

PEDRO MENENDEZ HIGH SCHOOL

**ACADEMY OF
Future Healthcare
Professionals**
PEDRO MENENDEZ HIGH SCHOOL

Pedro Menendez High School

The Academy of Architectural Design and Technology Academy Program (code: **PMHSABSD**) is a comprehensive four-year program that guides students through six progressive levels of architectural, engineering, and technical drafting design. With a strong emphasis on hands-on, project-based learning, students gain practical experience that mirrors industry standards—preparing them for both college and career pathways. All students interact with 3D printing and design. Juniors may participate in summer internships, applying their design skills in professional settings. Seniors have the opportunity to work part-time with local drafting and engineering firms during the school day, gaining valuable workplace experience.

Students participate in two curriculum-based organizations that enrich their learning and leadership development: SkillsUSA: Focuses on technical excellence and leadership growth. Membership can continue into college and is highly respected by employers. ACE Mentor Program of Northeast Florida: Connects students with professionals in architecture, construction, and engineering, offering mentorship and real-world project experience. Students collaborate with industry experts to solve design challenges and explore career opportunities.

Industry Certifications available through the Academy of Architectural Design & Technology

- Autodesk Certified User - AutoCAD
- Autodesk Certified User - Revit
- Autodesk Certified User - Inventor

The Academy of Future Healthcare Professionals Program (code: **PMHSFLHMC**) offers students a unique and immersive experience that blends classroom instruction with hands-on learning in real clinical environments. This academy is designed for students passionate about pursuing careers in healthcare and provides a strong foundation for both immediate employment and college-level study. Students' progress through four-levels of courses and may continue their academy experience with taking dual enrollment courses via St. Johns River State College. Juniors have the opportunity to participate in job shadowing and summer internships at local medical facilities, gaining early exposure to healthcare settings. Seniors spend two class periods daily immersed in every clinical area of the hospital, shadowing doctors, nurses, and healthcare staff to gain firsthand insight into the daily operations of a medical facility. Students are active members of HOSA – Health Occupations Students of America, a curriculum-based club that enhances their learning through industry guest speakers, field trips, leadership and team building, and regional and state-level competitions.

Industry Certifications available through the Academy of Future Healthcare Professionals

- Certified EKG Technician
- Certified Medical Administrative Assistant
- Certified Patient Care Technician/Assistant

The VyStar Academy of Business (code: **PMHSVBFBF**) offers a dynamic and rigorous curriculum designed to prepare students for success in the fast-paced world of business. Through focused coursework in business management, marketing, and administration, students gain foundational and advanced knowledge in areas such as Business and Entrepreneurial Principles, Management & Human Resources, Business Law, and Business Analysis. Students engage in real-world entrepreneurial experiences, learning how to launch and manage a small business. These skills are put into practice through hands-on opportunities on our campus in The Menendez Merch Store and our fully functioning VyStar Credit Union. Students participate in Future Business Leaders of America (FBLA), a nationally recognized, curriculum-based club. Through FBLA, students benefit from guest speakers, field trips, and regional and state-level competitions.

The St. Johns County Academy of Future Educators (code: **PVHSFTCHR**) explores the career of education using service learning, cutting-edge technology, and full-year internships. Fostering the next generation of educators, the program focuses on developing student leaders who will be the next caring contributors to the children of the future. Placing academic success at the forefront of the program, qualifying students have the opportunity to earn dual enrollment credit from St. Johns River State College and/or the University of North Florida. Graduates of the program can also qualify to sign a Memorandum of Understanding with the St. Johns County School Board. This agreement provides incentive for graduates of the academy who return and are successfully hired to teach for St. Johns County School District.

CAREER ACADEMIES

When applying for the Academy of International Business and Marketing, students select one of two strands (pathways). The marketing strand (code: **PVSHIBMIM**) focuses on the development and marketing of consumer and industrial goods and services. It also includes authentic entrepreneurship experiences. The business strand (code: **PVHSIBMIB**) focuses on the financial and legal aspects of business. Both strands prepare students for postsecondary studies in International Business and Marketing. Also included in the program are opportunities for students to work in our academy run school store, THE SHARK SHACK, and participate in dual-enrollment coursework through St. Johns River State College and the University of North Florida.

Industry Certifications available in the Academy of International Business & Marketing

- Quickbooks Certified User
- Intuit Certified Bookkeeping Professional
- Entrepreneurship & Small Business
- PMI Project Management Ready
- WordPress Certified Editor

Sponsored by Citi

The Academy of Information Technology (code: **PVHSINTCH**) provides students with a foundation of knowledge and technically oriented experiences in the high demand IT field. Students study web design, programming, robotics, database design and management, IT systems design and management, and network concepts through hands-on project-based learning. Students have the opportunity to earn industry certification credentials in WordPress, HTML & CSS, Python, Database, Cloud and Project Management. They may also participate in dual-enrollment course work through St. Johns River State College and University of North Florida.

Industry Certifications available in the Academy of Information Technology

- ITS - Databases
- ITS - Python
- ITS - HTML and CSS
- ITS - Cloud Computing
- WordPress Certified Editor
- PMI Project Management Ready

The Academy of Biotechnology and Medical Research (code: **PVHSBMR**) is a STEM academy that is focused on the use of living organisms to solve problems and making useful products from biological systems. Students receive exciting hands-on training in the cutting-edge fields of medical research and biotechnology. A few topics include the connection between biotechnology and industry, genetic diversity, selection & adaptations, cell molecular structure and function, industry response to emerging pathogens, Bioethics, and CRISPR and PCR techniques. They may also participate in dual-enrollment course work through St. Johns River state College and University of North Florida. The most successful Biotech 1 student will be recommended for Geometry and Biology Honors or above.

Industry Certifications available in the Academy of Biotechnology & Medical Research

- Biotechnician Assistant
- PMI Project Management Ready

St. Augustine High School's Academy of Advanced Automation Technology (code: **SAHSAVMA**) introduces students to cutting-edge careers in Advanced Manufacturing, Automation, and Industry 4.0. Through hands-on learning with robotics, smart sensors, networking, CAD/CAM, and PLC programming, students gain the technical skills needed for high-demand careers in today's automated industries. The academy offers a structured pathway in advanced manufacturing systems, mechatronics, materials and data analytics, and automation design. Students can earn nationally recognized credentials such as the MSSC Certified Production Technician (CPT) and SACA Industry 4.0 certifications—credentials that prepare students for high-wage, future-proof careers in one of the region's fastest-growing industries and other high-tech sectors like aerospace, medical devices, defense, and modern manufacturing.

CAREER ACADEMIES

In partnership with Embry-Riddle Aeronautical University, St. Augustine High School offers students an introduction to STEM careers in Aviation and Aerospace. The program prepares students for a wide range of opportunities, from piloting and drone operations to aircraft maintenance and engineering. Students learn the math and science foundations of aviation, build and program drones, troubleshoot aircraft components, and explore space flight by designing and launching rockets. We offer students two unique strands:

Aviation Maintenance (code: **SAHSAVMA**) Students receive technical training to prepare for careers such as A&P Mechanic and Aviation Maintenance Technician. Students who complete 4 years, earn the NCATT Aerospace/Aircraft Assembly (AAA) certification.

Aerospace Studies (code: **SAHSAERO**) Students focus on Aeronautical Science, piloting, UAV operation, airports and traffic control. Students can earn up to 15 hours of dual enrollment credit through Embry-Riddle.

Industry Certifications available in the Academy of Aviation & Aerospace

- Small UAS Safety Certification
- FAA Ground School
- Visual Line of Sight System Operator (VSO)

Are you interested in a career in law? Do you have the desire to serve and protect? Through our Academy of Law and Homeland Security (code: **SAHSLHS**), prepare yourself for the opportunity to work in careers that will allow you to serve and protect the public, your state and even your country. Specifically, the course progression is designed to introduce students to the various academic and career opportunities in law, law enforcement, and other Homeland Security related fields. With the support of the St. Johns County Sheriff's Office and other law agencies, students will get authentic learning experiences through field studies, guest speakers, and internships. Possible industry certifications include 911 dispatcher, private security guard, and police service aide.

Industry Certification available in the Academy of Law & Homeland Security

- 911 Public Safety Telecommunicator

The St. Johns County Academy of Future Teachers (code: **SAHSFTCHR**) explores the career of education using service learning, cutting-edge technology, and full-year internships. Fostering the next generation of educators, the program focuses on developing student leaders who will be the next caring contributors to the children of the future. Placing academic success at the forefront of the program, qualifying students have the opportunity to earn dual enrollment credit from First Coast Technical College, St. Johns River State College and/or the University of North Florida through the Virtual Teaching Academy. Graduates of the program can also qualify to sign a Memorandum of Understanding with the St. Johns County School Board. This agreement provides incentive for graduates of the academy who return and are successfully hired to teach for St. Johns County School District.

ACCELERATED, JROTC AND SJCCA PROGRAMS AT ST. AUGUSTINE HIGH SCHOOL

CAMBRIDGE AICE PROGRAM

The Cambridge Advanced International Certificate of Education (AICE) Program (code: **SAHSAICE**) offers a rigorous international curriculum and examination system which emphasizes the value of broad and balanced study for academically advanced students. Students earn college credit for passing scores on each AICE exam. The AICE Diploma Award is a group certificate which requires students to pass seven AICE exams, with one from each of four curriculum areas: Mathematics and Sciences, Languages, Arts and Humanities, and Global Perspectives. The Bright Futures GPA and SAT/ACT score requirements are waived for students who earn the AICE Diploma Award and have documented a minimum of 100 community service hours. These students automatically qualify for the Florida Bright Futures Academic Scholar Award. For more information, contact Dena Bechtel, 904-547-8533, or e-mail:

Dawn.Eakins@stjohns.k12.fl.us. Website: <http://www-sahs.stjohns.k12.fl.us/AICE>

ARMY JUNIOR RESERVE TRAINING CORPS (AJROTC)

The Army JROTC (code: **SAHSROTC**) program is a cooperative effort between the United States Army and St. Augustine High School. The program can lead to an advanced rank in the Armed Forces. The curriculum teaches each cadet good citizenship, leadership, the ability to communicate effectively, the importance of physical fitness and the importance of a high school diploma for a successful future. For further information, contact CW5 Christopher Braund at 904-547-8723, or e-mail: *Christopher.Braund@stjohns.k12.fl.us*. Website: <http://www-sahs.stjohns.k12.fl.us/jrotc>

ST JOHNS COUNTY CENTER FOR THE ARTS

AUDITIONS: JANUARY 21, 2026

The SJCCA will provide artistically gifted students with a pre-professional program of study designed to develop their unique talents in the performing and visual arts. SJCCA students must audition before being accepted into the Academy. There is a monetary fair share assessment with all strands of SJCCA. Codes for SJCCA: **SAHSCCAB** - Band, **SAHSCCAC** - Ceramics, **SAHSCCACH** - Chorus, **SAHSCCAD** - Dance, **SAHSCCADA** - Digital Art, **SAHSCCADP** - Draw/Paint, **SAHSCCADR** - Drama, **SAHSCCAG** - Guitar, **SAHSCCAMT** - Musical Theatre, **SAHSCCAP** - Piano. For more information, check out www.sjcca.org or contact Jillianne Tamillo, Director for SJCCA, 547-8530, ext. 22003, or e-mail: *Jillianne.Tamillo@stjohns.k12.fl.us*.

EARLY CAREER PROGRAM

ABOUT THE PROGRAM

- The SJCS D Early Career Program is an opportunity for students to earn a career certificate or license in a technical career field while simultaneously earning their high school diploma.
- Early Career will be a new Program of Choice option for rising 9th graders and is an application-based program; students accepted will attend St. Augustine High School.

ELIGIBLE PROGRAMS

- Automotive Service Technology
- Cybersecurity
- Dental Assisting
- Diesel Systems Technician
- Welding Technology
- Heating, Ventilation, Air-Conditioning/Refrigeration (HVAC/R)
- Nursery Management & Landscape and Turf Management

ST. JOHNS TECHNICAL HIGH SCHOOL

ACADEMIES & PROGRAMS OF INTEREST

**Academy of
Aquaculture**

**Academy of
Culinary Arts**

St. Johns Technical High School

2970 Collins Avenue, Building E, St. Augustine, Florida 32084
904-547-8500 | www-sjths.stjohns.k12.fl.us

MISSION STATEMENT

To provide an individualized learning path in a student-centered environment through academic and vocational opportunities. Together, we build relationships, value diversity, and develop social and life skills.

St. Johns Technical High School (SJTHS) is centrally located on the campus of First Coast Technical College (FCTC). SJTHS serves the district as a School of Choice. Students must complete an enrollment process then are given a customized learning path that meets their academic needs and career goals. Students can also attend classes at St. Augustine High School, St. Johns Virtual School, and pursue dual enrollment at FCTC and St. Johns River State College. Transportation is provided to all students who attend SJTHS.

ACADEMY OF AQUACULTURE

The Academy of Aquaculture offers students the technical knowledge and skills needed to prepare for further education and careers in the Agriculture, Food and Natural Resources career cluster. Students study the history of agriculture, global economics, biological, environmental, and technological principals in aquaculture, anatomy and physiology of freshwater and saltwater aquaculture species, reproduction, propagation and culture of aquaculture organisms, plant science, water quality, operation and maintenance of aquaculture machinery, equipment, and facilities, and commercial hatchery and fishery rules and regulations. Industry certification can be earned as an Aquaculture Technician. Students can pursue entry level careers in agriculture, aquatic farming, and agribusiness, or further their education in marine biology, fishery science, environmental science, or aquaculture.

ACADEMY OF CULINARY ARTS

The Academy of Culinary Arts offers students the technical knowledge and skills needed to prepare for further education and careers in the Hospitality & Tourism career cluster. Students learn about the history of Culinary Arts and study international cuisine. Textbook theory and hands-on skill development focus on workplace safety, safe food handling, basic food science, basic nutrition, recipe conversion, food preparation, advanced baking and pastry art, proper use of commercial tools and equipment, menu planning, front of the house and back of the house duties, and food service management. Students are engaged in project-based service learning, work-based learning, and internships in partnership with local restaurants and hospitality entities. Industry credentials and certifications earned in the Academy are SafeStaff Food Handler and ServSafe Certified Food Protection Manager

SJVS Academy of Future Educators 2027

Our New SJVS Academy of Future Educators is open! If you have ever considered a career in Education and want to know if it is right for you, check it out! Online classes enrolling NOW! [Introduction to the Teaching Profession](#), [Human Growth and Development](#), [Foundations of Curriculum and Instruction](#)

WHO WE ARE

St. Johns Virtual School is a FREE online school of choice offered by the St. Johns County School District for district students grades K-12. We offer part-time and full-time enrollment.

WHY SJVS?

St. Johns Virtual School allows students to earn FREE school credit in a flexible, online learning environment. Whether you're looking to enter our full-time, accredited virtual instruction program or our flexible, part-time program, SJVS can meet your needs. With the help of St. Johns County teachers, you can find success at SJVS!

FULL-TIME SJVS

Fall Application Opens: April 10, 2026

The SJVS full-time program offers a unique online program that provides students the flexibility to learn. Each semester, a full-time virtual student is expected to complete a minimum of five courses for elementary and six courses for middle and high. To be successful, virtual school students must be self-disciplined, self motivated, responsible and challenged by rigor. Parents and guardians must play an active role in monitoring their child's progress and make sure their child maintains a regimented schedule.

Popular Courses

- Driver's Ed.
- H.O.P.E.

ACCELERATED PROGRAM

EARLY COLLEGE PROGRAM

The Early College Program is a Dual Enrolment Program (code: **TCHSCOLL**) that creates an opportunity for a cohort of eligible students to enroll in college level classes and earn their Associate of Arts degree, all while still enrolled in high school. Students in grades 9-11 will take a defined list of college courses at their high school in combination with high school classes. 12th grade students will enroll full time on SJR State's St. Augustine campus or online. Early College Programs in St. Johns County School District are located at Pedro Menendez and Tocoi Creek High Schools.

ACADEMY OF
Innovation in the
Built Environment
TOCOI CREEK HIGH SCHOOL

The electives in the Academy of Innovation in the Built Environment (code: **TCHSIBENV**) offer students an opportunity to explore careers in the various fields of Construction Management. Students will have hands-on experiences in design and construction, participate in field trips, learn from guest speakers, and gain real-world experience in the construction field. This academy is focused on developing a deep understanding of construction related industries and innovations in construction design. Engineering, design, and project management are integral components of the course curriculum.

Industry Certifications available in the Academy of Innovation in the Built Environment

- PMI Project Management Ready
- Autodesk User - AutoCAD
- Entrepreneurship & Small Business
